Lawn Care & Maintenance Machinery - **Catalogue 2019**

Compact and easy to manoeuvre

**LB Series**

LB352

The Little Billy outdoor leaf and litter vacuum, weighing only 26 kg and 51cm / 20" wide, is a particularly light and manoeuvrable entry level vacuum featuring superior suction. The unit is ideal for vacuuming leaves, grass and garden debris on patios or hard surface areas. Powered by a reliable Briggs & Stratton 500E Series™ engine.

Easy operation

Model shown: KV601SP

**KV Series**

KV601, KV601SP, KV650H, KV650SPH

Powerful suction and easy operation make clean up a snap for leaves, seeds, mulch, blooms, branches, litter and debris. Ideal for multi-surface residential and light commercial use, Billy Goat's versatile 69cm / 27" wide lawn and litter vacuum has variable height adjustment for hard surface or turf work. 30cm / 12" tyres on the push vacuums and rear wheel drive on the self propelled vacuums makes operation easy, even in hilly environment. The KV Series vacuum are powered by trusted Briggs & Stratton and Honda engines.

Integrated chipper

**TKV Series**

TKV650SPH

The 69cm / 27" TKV Series lawn and litter vacuum offers all the great features of the KV Series but has an integral on-board 5,1cm / 2" chipper. Now you can add branches to all your leaf, seed, blooms, mulch, litter and debris clean up jobs. The TKV self propelled Honda powered vacuum takes the chore and fatigue out of hilly turf clean up.

**Integrated Chipper** - Now you can add branches to all your leaf, seed, bloom, mulch, litter, and debris cleanup jobs.

## KV/TKV Series Features

### Robust Transmission

Single speed self propelled.  
Great for hilly turf applications.  
KV601SP, KV650SPH, TKV650SPH.

### Easy Opening of Bag

The hard bottom zipperless bag uses two easy open fasteners for long life and simple unloading. Bottom loading.

### Integral Dust Skirt

Keeps dust down and away from the operator.

### 5-Blade Serrated Impeller

Maximizes suction, long life time and debris reduction.

## Accessories

### LB Series

**LB Hose Kit**  
10cm x 210cm  
(900460)

**LB Turf Bag**  
Turf bag for Little Billy. 105 litre capacity.  
(900722)

### KV/TKV Series

**Caster Wheel Kit**  
Increases manoeuvrability.  
(891128)

**Nozzle Wear Kit**  
Prevents nozzle wear on hard surface applications.  
(891127)

**KV601SP with Hose Kit**  
The optional hose kit helps between shrubs, beds and under decks or utilities. With telescopic handle  
(891125)

**Foldable Turf Bag**  
For better dust control. 151 litre capacity.  
(891126)

**Liner Sleeve**  
Protects housing in sandy conditions.  
(891134)

**Cover**  
Waterproof.  
(891137)

**Shredder Screen Kit**  
Reduces dry leaves up to 12:1.  
(891153)

Electric start option

Model shown:  
MV601SPE  
with optional hose kit

MV Series

MV601SPE, MV650H, MV650SPH

Step up to the heavy-duty clean up power of the MV Series 74cm/29" wide lawn and litter vacuums. Designed for both hard surfaces and turf, the MV Series is ideal for larger properties, commercial lots, leaf clean up, hire companies, parks, city streets, school districts or municipal clean up. Powerful 6-blade serrated impeller for maximum suction and debris reduction. Picks up cans, bottles, grass clippings, litter and other debris with ease. Abrasion-resistant composite housing components reduce weight and won't rust or dent.

The MV Series vacuums features one Honda powered push unit and two self propelled, 3 speed, Honda and Briggs & Stratton powered vacuums. The Briggs & Stratton electric start engine is made for easy starting.

## Features

### 74 cm / 29" Gobbler Door

Adjustable from the operator's position for easy switching between hard surface, turf or hose applications.

### Unique Top Fill Design

Keeps dust out of operator's face and ensures optimum filling.

### Top Loading Bag

Slides in and out on rails for best in class unloading. The 151 litres mesh bag holds up to 23 kg of debris.

### Easy Control of Height

Crank style for optimum performance on turf and hard surfaces.

### 3-Speed Transmission

The MV Series self propelled models are equipped with a 3-gear ultra smooth and durable transmission.

### 36cm / 14" Wheels

The 14" wheels smooth out the rough areas and make the vacuum manoeuvrable.

## Accessories

### Electrostatic DUST SOCK™ Kit

Traps dust for optimum operator and air quality protection. (840263)

### Disposable Bag Liners

Eliminates the extra step of bagging your debris. Pack of 12. (840134)

### MV Series Hose Kit

MV Series vacuum with optional hose kit attached to the gobble door. With telescopic handle. Diameter 12,7cm / 5". Length 305cm / 10'. Model shown: MV601SPE. (840116)

### Cover

Waterproof. (891137)

### Caster Wheel Kit

Increases manoeuvrability. (8401029)

Model shown:  
QV550HSP with optional hose kit

**Low dust, low noise  
with QuietVac™**

### QV Series

QV550H, QV550HSP, QV900HSP

Billy Goat's 84cm / 33" QUIETVAC™ is the world's quietest vacuum. It's unique cyclonic filtration with exclusive Dust Sock™ technology that dramatically reduces dust in dry conditions.

The housing and 6-blade armour plate steel fan combination provide optimum suction power and 12 to 1 debris reduction for composting in dry conditions.

This hard surface machine is ideal for contractor use and municipal clean up applications such as tarmac, school campuses, hospitals, parks, churches, airport pedestrian areas, resorts, city streets and pavements.

The QV Series range consists of one push and two self propelled vacuums, all powered by Honda.

## Features

### QUIETVAC™

As low as 97 LWa and 77 dBa at full rpm and 96 LWa and 76 dBa at 2800 rpm.

### Debris Bag Dust Skirt

The QV Series vacuums are standard equipped with a debris bag dust skirt.

### Turf Bag

Large 136 litres turf bag with 4 hooks. Loading and unloading is fast and easy.

### Powerful Suction

Unique housing and fan system provides the best suction power of any vacuums on the market today.

### Durable Front Casters

Roll smoothly through turns and over uneven surfaces.

### Easy Steering

Thanks to the clutches on the handlebars the QV Series is easy to manoeuvre, even in the most restricted areas.

### Hydrostatic Drive Transmission

The self propelled models have a hydrostatic transmission from 0-3 mph (0 ~ 4,8 km/h) with infinite forward and reverse.

### Unique Cyclonic Filtration

The cyclonic filtration system, when combined with exclusive DUST SOCK™ technology, dramatically reduces dust in dry conditions, providing the ultimate in operator comfort.

### Electrostatic DUST SOCK™

The DUST SOCK™ acts as a secondary filter lowering the amount of dust that escapes the bag. It is used in dry and dusty conditions only.

## Accessories

### Replacement Bag

Replaces the original vacuum bag. 136 litre capacity. (831612)

### Parking Brake Kit

(831609)

### Collapsible Hose

5" x 10' (12,7 x 305 cm) hose; hand extension for best in class ergonomic use; on board storage. (831018)

### Liner Sleeve

Protects housing in sandy conditions. (831610)
