

This powerful outdoor petrol leaf, litter and dog faeces vacuum is designed for cleaning up from areas where access is a problem.

The Wolf 3 Petrol is a powerful outdoor vacuum cleaner designed for cleaning up leaf, litter and dog excrement. The Wolf 3 is an outdoor vacuum cleaner specifically designed for cleaning up litter and dog mess from areas where access is a problem.

Supplied with a 240 litre wheelie bin with or without a trolley, it can also be fitted to a utility vehicle. An optional bin liner is also available for use with large refuse sacks, keeping the bin hygienic and safe to work with.

The Wolf 3 is light and effective with all the power you need from a robust 4 stroke Honda engine.

With Trafalgar Cleaning Equipment's very own in house designed, injection moulded fan and fan housing suction is vastly improved over previous models while noise has been drastically reduced, making it a great choice for use in built up areas.
