

## WELCOME TO THE FUTURE!

This is the next generation in pedestrian street vacuum collection. The Eco City Picker Follow.Me with it's patented operator recognition system will simply follow the operator automatically where ever he or she goes. Simply hold the vacuum wand to suck up the debris.

The Eco City Picker Follow.Me is the most ergonomic unit in it's class. It cuts down on operator fatigue and will increase productivity. With a 10 hour runtime and an overnight charge the Eco City Picker Follow.Me is always ready for action.

*FOLLOW.ME Recognition System*

### Follow Me Follow You!

Worried about safety, don't be. The patented recognition on the Eco City Picker Follow.Me takes into consideration its surroundings, get too far ahead of the unit and it will stop dead.

If someone or something gets in between the operator and the unit it stops dead. Get too close to a parked car or wall and the unit stops dead.

# 100% ELECTRIC

This next generation battery powered leaf and litter vacuum collector is ready to take on the other established machines in the market.
